

CONRADT VAN HEERDEN

Software Engineering Student

PROFESSIONAL SUMMARY

I am a Software Engineer in the making at Belgium Campus, currently busy with my second last year. I have extensive knowledge with coding, designing websites and I'm ever-expanding my knowledge on any interesting topics. I'm a superb problem solver and a fantastic people person. One of my best qualities is that I'm a quick learner, and a perfectionist.

KEY ACHIEVEMENTS

- IMB certificate on Blockchain
- Microsoft Azure AI Fundamentals (AI-900) Exam Cram Get Certified Session
- 1st Team Cricket at Die Hoërskool Menlopark
- Studying Music
- Fluent in both English and Afrikaans, and studying German

PROFESSIONAL HISTORY

Co-Owner

Oxibux | 2017- Present

- My friend and I started this, but it has not yet evolved into something useable

Co-Owner

Minestack | 2018-2020

- Again my friend and I decided to host a Minecraft server for people to play on.
- Had a decent community on discord, and met a lot of new people from across the world.

Partner

Thrilllab | 2018-2020

- A couple of friends from Belgium Campus decided to start a new project involving discord bots, websites, and creating a new community for a niche market

EDUCATIONAL HISTORY

Die Hoërskool Menlopark

2014-2015

Die Hoërskool Oos-Moot

Matric | 2016-2018

- Photography team

Belgium Campus

*B. Comp. Spec. Software Engineering
2019-2022*

Udemy

2018-Present
